

## Safeguarding Under the Care Act (2014)

This 3 to 6 hour training session, dependent upon your requirements and target audience is designed to offer the opportunity for organisations and attending delegates alike to explore the Safeguarding requirements of the Care Act 2014.

All our specialist Care Act and Advocacy Training is led by our specialist educator and qualified social worker Louise. Louise has years of experience facilitating courses around safeguarding, advocacy and the Care Act for organisations including Skills for Care and Cloverleaf.

### Programme/Course Content

Our training course; Safeguarding under the Care Act (2014) offers the opportunity for either a half day or full day training exploring the key changes to safeguarding under the Care Act (2014) including:

- What has changed under the Care Act (2014)
- The six principles of safeguarding
- Personalisation
- Risk appraisal
- Local authorities, NHS and CCGs (working together)
- Duty of Candour
- SAB's
- Care providers
- Independent advocacy

**Further information:** This training course is NOT open to individuals. We only deliver this training onsite to groups of professionals as arranged by employers such as: Clinical Commissioning Groups (CCG's), NHS Trusts, Large GP Practices, Large Dental Practices, Care Providers, and Housing Associations.
