

## CLINICAL SKILLS & MANAGEMENT

### Anaphylaxis

This Anaphylaxis training course is intended to support anyone who requires training in how and when to use an auto injector for the treatment of anaphylaxis. The use of pre-filled auto injectors such as the Epipen, Jext Emerade or through the use of Patient Group Directives is included.

#### Programme/Course Content

- What is anaphylaxis?
- Common causes of anaphylaxis
- Signs and Symptoms of anaphylaxis
- Treatment and Management of anaphylaxis
- Safe use of the auto injector (Epipen, Jext and Emerade)
- Summary and evaluation

**Aimed at:** Staff working in Health Centres, Nurseries, Schools, Care Homes or GP Surgeries

**Accreditation:** OFQUAL Level 3 Award in the Immediate Management of Anaphylaxis (QCF)

**Further information:** Whatever your requirement might be in relation to training and organisational development why not call or email us to see how we can help?
